

RAGLEY

HALL, PARK & GARDENS

A Journey through the Seasons...

Throughout 2009 we will host a series of events enabling you to get even more out of your visit to Ragley ... more visitors than ever can experience all areas of our stunning gardens.

This year sees the launch of two new gardens – the Alpine Garden and the Rose Garden.

The development of the Rose Garden has been a 3 year project which has seen a very traditional style garden transformed into a contemporary and colourful vista.

Ragley's Head Gardener, Ross Barbour, will be hosting a series of talks and workshops enabling visitors to explore Ragley's Gardens in depth and gain an insight into how they are managed.

**Call to book any of the events overleaf,
or to arrange an exclusive group tour.**
